Dear Mr. Ahmet C. Savas, PHD

We have proofread the entire paper and rechecked the accuracy of APA citation in our paper. Everything in the galley proof is well prepared, except one

subheading. On page 1317, previously, there was a sub-heading “personality traits”. It was our previous mistake far during templating our paper. Therefore, we have changed the sub-heading with the correct one “critical thinking skills”. Any change we have made is highlighted in green. The following is the galley proof we have considered sufficiently appropriate for publication. Thank you very much for all the help and facilities you have given to us.
